Federal Communication Commission Rules Compliance:

The FCC (Federal Communication Commission) regulates the use of devices, amplifiers and antenna systems for Part 15 devices, and strictly prohibits the use of amplifiers that are not part of an FCC Certified system. Individual devices, amplifiers and antenna products sold by the 4Net Networking, marked as "FOR EXPORT ONLY" are **not intended for use under Part 15 of the FCC Rules** or with a Part 15 device. By signing this form, you are stating that the devices, amplifiers and or antenna systems you intend to purchase from 4Net Networking **are not being purchased for use under Part 15 of the FCC Rules. It means you or your customer is not allowed to deploy the device(s) in regular application inside US territories.** From many manufacturers you must choose the appropriate part number, as an example, from Ubiquiti Networks you must choose NSM5(US) instead NSM5, or PBE-5AC-400(US) instead PBE-5AC-400, or UAP-AC-Lite(US) instead UAP-AC-Lite. From others, refer codes such FCC for use in USA or ROW (rest of world) for international version not compliance with part 15 of the FCC rules. Manufacturers such as Ubiquiti Networks by sales conditions, have the right to terminate and ban distributors and or reseller who does not comply this procedure.

Wireless products I intend to purchase from 4Net Networking are for:
